

MURIWAI

sørenmobler

The stylish Muriwai Bedroom Collection blends the natural beauty of River Rimu with a sleek, asymmetric design and contemporary steel feet, resulting in a modern industrial look.

The standout feature of this collection is the striking floating bedframe, which creates the illusion of a more spacious environment. The bedframe features a tray top that provides convenient storage for everyday essentials or decorative items.

Additionally, Muriwai's slim pull handles perfectly combine style with practicality.
